Features of the Company

Annual Report as of 31 May 2010
UBS (Lux) Equity Sicav

UBS (Lux) Equity Sicav (hereinafter called the “company”) offers investors a range of different subfunds (“umbrella construction”) which invest in accordance with the investment policy described in the sales prospectus. The sales prospectus, which contains specific details on each subfund, will be brought up to date on the inception of each new subfund.

UBS (Lux) Equity Sicav was incorporated on 7 October 1996 as an open-end investment fund in the legal form of a “Société d’Investissement à Capital Variable” (SICAV) in accordance with Part I of the Luxembourg law relating to undertakings for collective investment enacted on 30 March 1988 and was amended in March 2005 to the requirements of the new law of 20 December 2002.

The Articles of Association were published in the “Mémorial, Recueil des Sociétés et Associations”, hereinafter called “Mémorial”, of 8 November 1996, with amendments published in the “Mémorial” on 14 April 1998 and a notice of lodgment on 22 March 2005. The consolidated version is deposited at the Commercial and Company Register of the District Court in Luxembourg for inspection. Each amendment shall be published in the “Mémorial”, in a Luxembourg daily newspaper and, if necessary, in the official publications specified for the respective countries in which company shares are sold. Such amendments become legally binding in respect of all shareholders subsequent to their approval by the general meeting of the shareholders.

Currently, the following subfunds are available:

UBS (Lux) Equity Sicav	Currency of account
– Brazil	USD
– Climate Change	EUR
– Emerging Markets Growth	USD
– Emerging Markets Innovators	USD
– European Quantitative	EUR
– European Value	EUR
– Japan Quantitative	JPY
– Russia	USD
– Small Caps Europe	EUR
– Sustainable Global Leaders	EUR
– USA Growth	USD
– USA Quantitative	USD
– USA Value	USD

Currently the following share classes are available:

- Shares in classes with “P” in their name are available to all investors. Share class “P” differs from share classes “H” and “K-1” with regard to the level of the flat fee. Only bearer shares are issued.
- Shares in classes with “N” in their name (shares with restrictions on the distribution partners or countries) are issued exclusively through Distributors domiciled in Spain, Italy, Portugal and Germany authorised by UBS AG, as well as, where appropriate, through Distributors in further distribution countries, provided this has been decided by the Board of Directors. Only bearer shares are issued.
- Shares in classes with “H” in their name are available to all investors. Share class “H” differs from share classes “P” and “K-1” with regard to the level of the flat fee. Only bearer shares are issued.
- Shares in classes with “K-1” in their name are available to all investors. Share class “K-1” differs from share classes “P” and “H” with regard to the level of the flat fee. Only bearer shares are issued.
- Shares in classes with “K-2” in their name are exclusively reserved for investors who have concluded a written asset management mandate or a written consulting mandate with UBS AG or one of its authorised counterparties which provide for a minimum investment of CHF 10,000,000 or a countervalue corresponding to this amount in the reference currency of the portfolio assigned to the asset management mandate or consulting mandate. Only registered shares are issued.
- Shares in classes with “F” in their name may be issued only to investors who have concluded a written asset management mandate with UBS AG or one of its selected banking subsidiaries. Upon termination of the mandate, investors lose the right to hold shares in the Company. UBS AG or its selected banking subsidiaries may return these shares to the Company at the prevailing net asset value and at no charge. Only registered shares are issued.
- Shares in classes with “Q” in their name are reserved for professionals of the financial sector who make the following investments:
 - (a) on their own behalf;
 - (b) on behalf of their clients within a discretionary mandate;
 - (c) on behalf of an undertaking for collective investment in transferable securities (UCITS) managed by a professional of the financial sector, provided that

(i) UBS AG has authorised, in writing, said professional to subscribe to the share class; and

(ii) in cases (b) and (c), said professional has been duly authorised by the supervisory authority to which he/she is subject to carry out such transactions, and is domiciled in either Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden or the United Kingdom, and/or is operating on behalf of another professional of the financial sector who has been authorised in writing by UBS AG and is domiciled in one of the above countries.

Admission of investors in further distribution countries shall be decided by the Board of Directors.

Only bearer shares are issued.

The offer of share classes with UBS (Lux) Equity Sicav – USA Value in their name is currently restricted to certain distribution partners and countries. It is exclusively directed towards professionals of the financial sector in Italy, Spain and Portugal. Otherwise, the authorization criteria laid down for this share class remain. The purely geographical restrictions described in this paragraph can be cancelled at any time by decision of the Board of Directors.

- Shares in classes with «I-170», «I-160», «I-150», «I-130», «I-120», «I-110», «I-105», «I-100», «I-98», «I-96», «I-92», «I-88», «I-84», «I-82», «I-80», «I-78», «I-76», «I-74», «I-72», «I-70», «I-64», «I-62», «I-60», «I-56», «I-55», «I-52», «I-50» and «I-48» in their name are exclusively reserved for institutional investors. Only bearer shares are issued.
- Shares in classes with “I-18” or “I-6.5” in their name are exclusively reserved for institutional investors who have signed a portfolio management contract, an advisory agreement or an agreement on investing in Subfunds of the umbrella fund with UBS AG or one of its authorised counterparties. A fee covering the costs for Fund administration (comprising the costs of the Company, Administrative Agent and Custodian Bank) is charged directly to the Subfund. The costs for asset management and distribution are charged to investors under the aforementioned agreements. Only registered shares are issued.

– Shares in classes with “I-X” as part of their name are exclusively reserved for institutional investors who have signed a portfolio management contract, an advisory agreement or an agreement regarding investing in Subfunds of the umbrella fund with UBS AG or one of its authorised counterparties. The costs for asset management, Fund administration (comprising the costs of the Company, administration and Custodian Bank) and distribution are charged to investors under the aforementioned agreements. Only registered shares are issued.

– Shares in classes with “U-X” as part of their name are exclusively reserved for institutional investors who have signed a portfolio management contract, an advisory agreement or an agreement regarding investment in Subfunds of the umbrella fund with an investment capacity defined in the prospectus with UBS AG or one of its authorised counterparties. The costs of asset management, Fund administration (comprising the costs of the Company, administration and Custodian Bank) and distribution are charged to investors under the aforementioned agreements. This share class is exclusively geared towards financial products (i.e. fund of funds or other pooled structures in accordance with different legislation). Only registered shares are issued.

– For share classes with “hedged” as part of their name and which are denominated in a currency other than the Subfund’s currency of account, foreign exchange transactions and currency forwards are carried out in order to hedge the net asset value of the Subfund, calculated in the currency of account, against the net asset value of the share classes denominated in other currencies.

Although it will not be possible to fully hedge the total net asset value of a share class against currency fluctuations of the currency of account, the aim is to secure a currency hedge for the currency of account against the corresponding currency of the share classes equivalent to between 90% and 110% of the net asset value. Changes in the value of the hedged sections of the portfolio and the volume of subscription and redemption requests for shares not denominated in the currency of account may, however, result in the level of currency hedging temporarily surpassing the stated limits.

- Shares in classes with “PF” as part of their name differ from the other share classes in that, in addition to the flat fee, a performance fee is also to be paid to the portfolio manager if indicated in the section “Expenses paid by the Company”.

The entirety of the subfunds’ net assets forms the total net assets of the company, which at any time correspond to the share capital of the company and consist of fully paid in and non-par-value shares (the “shares”).

At general meetings, the shareholder has the right to one vote per share held, irrespective of the difference in value of shares in the respective subfunds. Shares of a particular subfund carry the right of one vote per share held when voting at meetings affecting this subfund.

The company is a single legal entity. With respect to the shareholders, each subfund is regarded as being separate from the others. The assets in a subfund shall guarantee only those obligations entered into by the relevant subfund.

The Board of Directors of the company is empowered to establish new subfunds and/or to liquidate existing ones at any time or to establish various share classes, with specific characteristics within these subfunds. The current sales prospectus shall be updated following the establishing of a new subfund or new share class.

The company is unlimited with regard to duration and total assets.

The financial year of the company ends on 31 May.

The ordinary general meeting takes place annually on 20 September at 11.00 a.m. at the registered office of the company. If 20 September happens to be no working day in Luxembourg, the ordinary general meeting takes place on the next following working day.

Only the information contained in the sales prospectus and in one of the documents referred to therein shall be deemed to be valid.

Information on whether a Company Subfund is listed on the Luxembourg Stock Exchange can be obtained from the Administrative Agent or the Luxembourg Stock Exchange website (www.bourse.lu).

The issue and redemption of shares of UBS (Lux) Equity Sicav are subject to the regulations prevailing in the country concerned.

The annual and semi-annual reports are available free of charge to shareholders at the registered office of the company and the Custodian Bank.

No subscription may be accepted on the basis of the financial reports. Subscriptions are accepted only on the basis of the current prospectus accompanied by the latest annual report and the latest semi-annual report if available.

To the Shareholders of

UBS (Lux) Equity Sicav

We have audited the accompanying financial statements of UBS (Lux) Equity Sicav and of each of its subfunds, which comprise the statement of net assets and the statement of investments in securities and other net assets as at 31 May 2010 and the statement of operations and the statement of changes in net assets for the year then ended, and a summary of significant accounting policies and other explanatory notes to the financial statements.

Board of Directors of the SICAV's responsibility for the financial statements

The Board of Directors of the SICAV is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation of the financial statements. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Responsibility of the "Réviseur d'entreprises agréé"

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier". Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the judgment of the "Réviseur d'entreprises agréé", including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the "Réviseur d'entreprises agréé" considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors of the SICAV, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, these financial statements give a true and fair view of the financial position of UBS (Lux) Equity Sicav and of each of its subfunds as of 31 May 2010, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation of the financial statements.

Other matters

Supplementary information included in the annual report has been reviewed in the context of our mandate but has not been subject to specific audit procedures carried out in accordance with the standards described above. Consequently, we express no opinion on such information. However, we have no observation to make concerning such information in the context of the financial statements taken as a whole.

Luxembourg, 21 September 2010

Historical performance is no indicator of current or future performance.

The performance data does not take account of any commissions and costs charged when subscribing and redeeming units.

The performance data were not audited.

¹ The subfund does not have a benchmark, which means that the performance of the subfund cannot be compared with a benchmark.

Report of the Portfolio Manager

The Russian market rebounded strongly over the reporting year (1 June 2009 to 31 May 2010). The recovery of the global economy, accompanied by a rebound of commodity prices - most notably that of oil - were among the key market drivers. This helped the large commodity-based sectors to recover their profitability. In addition, the Russian economy bottomed out during second half of 2009 and started to show healthy growth on a year-on-year basis in 2010.

No benchmark is available for this subfund. All sectors registered a positive performance, most notably those relying on domestic demand (consumer staples +98.6% and financials +78.4%). At stock level, among the best performers were smaller banks like Bank St. Petersburg (+113.3%) or the retailer X5 (+102.7%). However, energy stocks like Lukoil (-8.7%) or Gazprom (-9.5%) were among the worst performing stocks.

Notes to the Financial Statements

Annual Report as of 31 May 2010
UBS (Lux) Equity Sicav

Note 1 – Summary of significant accounting policies

The financial statements have been prepared in accordance with the generally accepted accounting principles for investment funds in Luxembourg. The significant accounting policies are summarised as follows:

a) Calculation of the Net Asset Value

The net asset value and the issue and redemption price per share of any subfund or share class are expressed in the currency of account of the subfund or share class concerned and are calculated on every day of business by dividing the overall net assets of the subfund attributable to each share class by the number of shares in circulation in the particular share class of the subfund.

In this context, "business day" refers to normal banking days in Luxembourg (i.e. each day on which the banks are open during normal business hours) with the exception of individual, non-statutory rest days as well as days on which exchanges in the main countries in which the Subfund invests are closed or 50% or more of the Subfund's investments cannot be adequately valued.

If on any given trading day the sum of subscriptions and/or redemptions of all share classes of a Subfund should result in a net capital inflow or outflow, the net asset value of the relevant Subfund may be increased or reduced, as applicable. The maximum adjustment shall be 1% of the net inventory value. Items that may be taken into account include the estimated transaction costs and the tax burden that could potentially accrue to the Subfund as well as the estimated bid and asked spread of the assets in which the Subfund invests. The adjustment will result in an increase of the net asset value when net movements lead to an increase in the number of shares of the Subfund in question. It will result in a reduction of the net asset value when net movements lead to a lower number of shares. The Board of Directors may set a threshold value for each individual Subfund. This value can consist of the net movement on a trading day in proportion to the net asset value of the Subfund, or of an absolute value in each Subfund's specific currency. An adjustment to the net asset value would therefore only take place once that threshold value is exceeded on a given trading day.

The percentage of the net asset value which is attributable to each respective share class of a subfund is determined, taking into account the commission charged to that share class, by the ratio of the shares in circulation in each share class to the total number of shares in circulation in the subfund, and will change each time shares are issued or redeemed.

b) Valuation principles

- Securities, derivatives and other investments listed on a stock exchange are valued at the last known market price. If these securities, derivatives or other investments are listed on several stock exchanges, the last known price on the stock exchange which is the main market for the security applies. In the case of securities, derivatives and other investments where the trade on the stock market is thin but which are traded between securities dealers on a secondary market using usual market price formation methods, the company can use the prices on this secondary market as the basis for their valuation of these securities, derivatives and other investments. Securities, derivatives and other investment instruments that are not listed on a stock exchange, but which are traded on another regulated market which is recognized, open to the public and operates in a due and orderly fashion, are valued at the last available price on this market.
- Securities and other investments that are not listed at an exchange or traded on another regulated market, and for which no appropriate price can be obtained, will be valued by the company according to other principles chosen by it in good faith on the basis of the likely sales prices.
- Derivatives not listed on a stock exchange (OTC derivatives) are valued using independent resources. If only an independent resource is available for valuing a derivative, the plausibility of the valuation obtained is tested by means of model calculations acceptable to the company on the basis of the market value of the underlying instrument from which the derivative derives.
- Units/shares in other undertakings for collective investment in securities (UCITS) and/or open-ended undertakings for collective investment (UCIs) are valued at their last known net asset value.
- For money market instruments, the valuation price will be gradually adjusted to the redemption price, based on the net acquisition price and retaining the ensuing yield. In the event of a significant change in market conditions, the basis for the valuation of different investments will be brought into line with the new market yields.

- Time deposits and fiduciary investments are valued at their nominal value plus accumulated interest.
- The value of swap deals is calculated by the counterparty to the swap based on the net present value of all cash flows, both inflows and outflows. This valuation method is recognized by the company.

The company is authorized to apply other generally recognized and auditable valuation criteria in order to achieve an appropriate valuation of the net asset value if, due to extraordinary circumstances, a valuation in accordance with the above-mentioned regulations proves to be unfeasible or inaccurate.

In the case of extraordinary circumstances, additional valuations, which will affect the prices of the shares to be subsequently issued or redeemed, may be carried out within one day.

c) Net realized gains (losses) on sales of securities

The realized gains or losses on the sales of securities are calculated on the basis of the average cost of the securities sold.

d) Valuation of forward foreign exchange contracts

The unrealized gain (loss) of outstanding forward foreign exchange contracts is valued on the basis of the forward exchange rates prevailing at valuation date.

e) Valuation of financial futures contracts

Financial futures contracts are valued based on the latest available published price applicable on the valuation date. Realized gains and losses and the changes in unrealized gains and losses are recorded in the statement of operations. The realized gains and losses are calculated in accordance with the FIFO method, i.e. the first contracts acquired are regarded as the first to be sold.

f) Conversion of foreign currencies

Bank accounts, other net assets and the valuation of the investments in securities held denominated in currencies other than the reference currency of the different subfunds are converted at the mid closing spot rates on the valuation date. Income and expenses denominated in currencies other than the currency of the different subfunds are converted at the mid closing spot rates at payment date. Gain or loss on foreign exchange is included in the statement of operations.

The cost of securities denominated in currencies other than the reference currency of the different subfunds is converted at the mid closing spot rate on the day of acquisition.

g) Accounting of securities' portfolio transactions

The securities' portfolio transactions are accounted for the bank business day following the transaction dates.

h) Consolidated financial statements

The consolidated financial statements are expressed in USD. The various items of the consolidated statement of net assets and the consolidated statement of operations as of 31 May 2010 are equal to the sum of the corresponding items in the financial statements of each subfund.

The following exchange rates were used for the conversion of foreign currencies and the consolidated financial statements as of 31 May 2010:

Exchange rates		
USD 1 =	EUR	0.814963
USD 1 =	JPY	91.485001
USD 1 =	GBP	0.688255

i) Receivable on securities sales, Payable on securities purchases

The account "Receivables on securities sales" can also include receivables from foreign currency transactions. The account "Payables on securities purchases" can also include payables from foreign currency transactions.

j) Income recognition

Dividends, net of withholding taxes, are recognized as income on the date upon which the relevant securities are first listed as "ex-dividend". Interest income is accrued on a daily basis.

Note 2 – Flat fee

The company pays a monthly flat fee for each of the subfunds and share classes, calculated on the average net asset value of the subfund and share class as shown in the table below:

UBS (Lux) Equity Sicav	Flat fee Share class "I-105-acc"
– Emerging Markets Growth	0.0875% per month (1.050% p.a.)

UBS (Lux) Equity Sicav	Flat fee Share class "I-70-acc"
– USA Growth	0.0583% per month (0.700% p.a.)

UBS (Lux) Equity Sicav	Flat fee Share class "I-6.5-acc"
– USA Growth	0.0054% per month (0.065% p.a.)

UBS (Lux) Equity Sicav	Flat fee Share class "I-88-acc"
– Brazil	0.0073% per month (0.088% p.a.)
– Russia	0.0073% per month (0.088% p.a.)

UBS (Lux) Equity Sicav	Flat fee Share class "I-18-acc"
– Emerging Markets Growth	0.015% per month (0.18% p.a.)

UBS (Lux) Equity Sicav	Flat fee Share class "P-dist" and "P-acc"
– Brazil	0.195% per month (2.340% p.a.)
– Climate Change	0.170% per month (2.040% p.a.)
– Emerging Markets Growth	0.195% per month (2.340% p.a.)
– Emerging Markets Innovators	0.195% per month (2.340% p.a.)
– European Quantitative	0.150% per month (1.800% p.a.)
– European Value	0.170% per month (2.040% p.a.)
– Japan Quantitative	0.150% per month (1.800% p.a.)
– Russia	0.195% per month (2.340% p.a.)
– Small Caps Europe	0.160% per month (1.920% p.a.)
– Sustainable Global Leaders	0.170% per month (2.040% p.a.)
– USA Growth	0.170% per month (2.040% p.a.)
– USA Quantitative	0.150% per month (1.800% p.a.)
– USA Value	0.170% per month (2.040% p.a.)

UBS (Lux) Equity Sicav	Flat fee Share class "Q-acc"
– Brazil	0.100% per month (1.200% p.a.)
– European Value	0.085% per month (1.020% p.a.)
– Russia	0.100% per month (1.200% p.a.)
– USA Growth	0.085% per month (1.020% p.a.)
– USA Value	0.085% per month (1.020% p.a.)

UBS (Lux) Equity Sicav	Flat fee Share class "U-X-acc" and "U-X-dist"
– Emerging Markets Growth	0.000% per month (0.00% p.a.)*
– USA Growth	0.000% per month (0.00% p.a.)*
– USA Value	0.000% per month (0.00% p.a.)*

* Company fee. Costs in connection with the services to be performed for share classes "I-X" and "U-X" will be settled via the compensation to which UBS AG is entitled under a separate contract with the investor.

Out of the above monthly flat fee for administration, the company will bear all costs incurred in connection with the administration, portfolio management and

safekeeping of the company assets and investment company sales, such as:

- annual fees and expenses of licences and supervision of the company in Luxembourg and abroad;
- other fees charged by the supervisory authorities;
- printing of the articles of association, prospectuses and the annual and semi-annual reports;
- price publications and publication of notices to shareholders;
- charges made in connection with the listing of the company and sales within Luxembourg and abroad;
- commission and expenses of the custodian bank for safekeeping of the company's assets, dealing with payments and other duties required under the Luxembourg law of 20 December 2002;
- fees and other expenses for the payment of dividends to shareholders;
- auditor's fees.

Out of the management commission sales fees are paid to distributors and asset managers of the company.

The custodian bank, administrative agency and management company are nevertheless entitled to be reimbursed the costs of non-routine arrangements made by them in the interests of the shareholders; otherwise such expenses will be charged direct to the investment company.

The investment company will also bear all transaction expenses arising in connection with the administration of the company assets (brokerage commission in line with the market, fees, fiscal charges, etc.).

All taxes which are levied on the income and assets of the company, particularly the "taxe d'abonnement", will also be borne by the company.

All costs which can be allocated accurately to individual subfunds or share classes will be charged to these subfunds or share classes. If costs pertain to several or all subfunds, however, these costs will be charged to the subfunds concerned in proportion to their relative net asset values.

In subfunds whose investment policy allows them to invest in other existing UCITS or UCIs, fees may be incurred at the level of the fund concerned or at that of the company. In the case of investments in shares/units in funds managed directly or indirectly by the company itself or another company related to it by common management or control, or by a direct or indirect holding of more than 10% of the capital or the voting shares, the subfund may only be charged to the extent of such investments with a reduced flat fee of no more than 0.25% p.a. The company may, moreover, not charge the subfund making the investment with any of the related target fund's issuing or redemption commissions.

If, in accordance with the above paragraph, the company invests in a related fund that charges a lower flat fee than the flat fee charged by the subfund making the investment, the company may, instead of the aforementioned lower flat fee, charge the volume invested in this target fund with the difference between the flat fee charged by the subfund making the investment on the one hand and the flat fee of the target fund on the other hand.

Note 3 – Taxe d'abonnement

In accordance with the law and the regulations currently in force, the company is subject in Luxembourg to the subscription tax at the annual rate of 0.05%, or a reduced tax d'abonnement amounting to 0.01% p.a. for some share classes, payable quarterly and calculated on the basis of its net assets at the end of each quarter.

The tax d'abonnement is waived for that part of the net assets invested in units or shares of other undertakings for collective investment that have already paid the tax d'abonnement in accordance with the statutory provisions of Luxembourg law.

Note 4 – Securities Lending

The company may also lend portions of its securities portfolio to third parties. In general, lendings may only be effected via recognised clearing houses such as Clearstream International or Euroclear, or through the mediation of prime financial institutions that specialise in such activities and in the modus specified by them.

The market value of the securities lent on 31 May 2010, was for the following subfunds:

UBS (Lux) Equity Sicav	Securities Lending
– Brazil	9 072 477.74 USD
– Climate Change	6 687 381.10 EUR
– Emerging Markets Growth	104 918 036.69 USD
– Emerging Markets Innovators	18 621 456.43 USD
– European Quantitative	1 389 010.55 EUR
– European Value	21 952 030.27 EUR
– Japan Quantitative	128 462 241.00 JPY
– Russia	156 578 427.76 USD
– Small Caps Europe	31 892 886.83 EUR
– Sustainable Global Leaders	4 337 745.58 EUR
– USA Growth	91 259 980.80 USD
– USA Quantitative	1 192 536.34 USD
– USA Value	48 164 199.36 USD

Collateral is received in relation to securities lent. Collateral is composed of high quality securities in an amount typically at least equal to the market value of the securities loaned; such collateral is held at UBS AG, Zurich.

Note 5 – Realized result on subscriptions/redemptions

The average fees (brokerage commission, stock exchange fees/duties, etc.) incurred by the subfund in connection with the withgoing transactions may be charged to the investor on a net asset value basis. This income is in favour of the subfund and mentioned in the Statement of Operations as "Realized result on subscriptions/redemptions".

Note 6 – Income distribution

a) Distribution Policy

The general meeting of shareholders of the respective subfunds shall decide, at the proposal of the Board of Directors and after closing the annual accounts per subfund, whether and to what extent distributions are to be paid out by each subfund or share class. The payment of distributions must not result in the net assets of the company falling below the minimum amount of assets prescribed by law. If a distribution is made, payment will be effected no later than four months after the end of the financial year.

The Board of Directors is authorized to pay interim dividends and to suspend the payment of distributions.

An income equalization amount will be calculated so that the distribution corresponds to the actual income entitlement.

b) UK Distribution policy

The company has applied certification as a distribution Fund under the United Kingdom corporation tax principles for the following Classes of shares:

UBS (Lux) Equity Sicav – USA Value (GBP) P-dist

It is intended that all those Classes of shares will distribute at least 85% of the net investment income attributable to such Classes of Shares, computed broadly in accordance with the definition of net taxable income under United Kingdom corporation tax principles, so that these Classes of shares of the company qualify as 'distribution' for the purpose of United Kingdom tax legislation.

All other Classes of shares with a distribution policy may pay dividends but will not qualify as 'distribution' for the purpose of United Kingdom tax legislation.

In order to ensure appropriate treatment between shareholders who become shareholders at different points in time, an income equalisation amount is calculated so that any distributions to such shareholders correspond to their actual income entitlement.

Note 7 – Related party transactions

The volume of securities and money-market transactions undertaken via a broker that is an affiliate of the Management Company, the Portfolio Manager or the Board of Directors for the period from 1 June 2009 to 31 May 2010 for the following subfunds licensed for sale in Hong Kong is:

UBS (Lux) Equity Sicav	Volume of transactions in other securities (except equities and equity-like securities) with related parties	As a percentage of the total of security transactions
– Emerging Markets Innovators	8 215 468.43 USD	9.42%
– European Quantitative	2 227 728.33 EUR	24.49%
– Russia	187 985 250.50 USD	19.23%
– USA Growth	142 427 390.13 USD	5.57%
– USA Quantitative	0.00 USD	0.00%
– USA Value	130 516 940.50 USD	10.30%

UBS (Lux) Equity Sicav	Volume of transactions in other securities (except equities and equity-like securities) with related parties	As a percentage of the total of security transactions
– Emerging Markets Innovators	– USD	–
– European Quantitative	– EUR	–
– Russia	– USD	–
– USA Growth	– USD	–
– USA Quantitative	– EUR	–
– USA Value	– EUR	–

For the conversion of "Volume of transactions in other securities (except equities and equity-like securities) with related parties" into subfund currency, the exchange rates of the financial statements as of 31 May 2010 were used.

According to normal Market practice, no commissions have been charged to the fund on transactions on other securities (except equities and equity-like securities) with related parties.

Such transactions were entered in the ordinary course of business and on normal commercial terms.

Note 8 – Soft commission arrangements

During the period from 1 June 2009 until 31 May 2010, no "soft commission arrangements" were entered into on behalf of UBS (Lux) Equity Sicav and "soft dollar commissions" amount to nil.

Note 9 – Total Expense Ratio (TER)

This ratio was calculated in accordance with the Swiss Funds Association's (SFA) "Guidelines on the calculation and disclosure of the TER and PTR" in the current version and expresses the sum of all costs and commissions charged on an ongoing basis to the net assets (operating expenses) taken retrospectively as a percentage of the net assets.

TER for the last 12 months:

UBS (Lux) Equity Sicav	Total Expense Ratio (TER)
– Brazil (USD) P-acc	2.48%
– Brazil (USD) I-88-acc*	0.90%
– Climate Change (EUR) P-acc*	2.12%
– Emerging Markets Growth (USD) I-18-acc*	0.19%
– Emerging Markets Growth (USD) I-105-acc*	1.05%
– Emerging Markets Growth (USD) P-acc	2.43%
– Emerging Markets Growth (USD) U-X-acc	0.01%
– Emerging Markets Growth (USD) U-X-dist*	0.01%
– Emerging Markets Innovators (EUR) P-acc*	2.41%
– Emerging Markets Innovators (USD) P-acc	2.43%
– European Quantitative (EUR) P-acc	1.92%
– European Value (EUR) P-acc	2.10%
– Japan Quantitative (JPY) P-acc	1.93%
– Russia (USD) I-88-acc*	0.90%
– Russia (USD) P-acc	2.42%
– Russia (USD) Q-acc*	1.27%
– Small Caps Europe (EUR) P-acc	2.00%
– Sustainable Global Leaders (EUR) P-acc*	2.16%
– USA Growth (EUR hedged) Q-acc*	1.05%
– USA Growth (USD) I-6.5-acc*	0.07%
– USA Growth (USD) I-70-acc*	0.71%
– USA Growth (USD) P-acc	2.11%
– USA Growth (USD) Q-acc	1.08%
– USA Growth (USD) U-X-acc	0.02%
– USA Quantitative (USD) P-acc	1.92%
– USA Value (EUR hedged) P-acc	2.12%
– USA Value (GBP) P-dist	2.11%
– USA Value (USD) P-acc	2.09%
– USA Value (USD) Q-acc	1.08%
– USA Value (USD) U-X-acc	0.01%

* annualised

Transaction costs and any other costs incurred in connection with currency hedging are not included in the TER.

Note 10 – Portfolio Turnover Rate (PTR)

This ratio was calculated in accordance with the Swiss Funds Association's (SFA) "Guidelines on the calculation and disclosure of the TER and PTR" in the current version. The PTR is considered an indicator of the relevance of the additional costs incurred when buying and selling investments. It shows how many security transactions occurred as a result of voluntary investment shifts in relation to the average net assets. Transactions that resulted from uncontrollable subscriptions and redemptions are not included in this rate.

PTR for the last 12 months:

UBS (Lux) Equity Sicav	Portfolio Turnover Rate (PTR)
– Brazil	214.85%
– Climate Change	32.35%
– Emerging Markets Growth	189.81%
– Emerging Markets Innovators	-46.01%
– European Quantitative	239.06%
– European Value	520.87%
– Japan Quantitative	289.06%
– Russia	-123.86%
– Small Caps Europe	65.49%
– Sustainable Global Leaders	37.45%
– USA Growth	87.82%
– USA Quantitative	266.57%
– USA Value	104.09%

Note 11 – Applicable law, place of performance and authoritative language

The Luxembourg District Court is the place of performance for all legal disputes between the shareholders, the company and the custodian bank. Luxembourg law applies. However, in matters concerning the claims of investors from other countries, the company and/or the custodian bank can elect to make themselves subject to the jurisdiction of the countries in which company shares were bought and sold.

The German version of these financial statements is the authoritative version and only this version was audited by the auditors. However, in the case of company shares sold to investors from the other countries in which company shares can be bought and sold, the company and the Custodian Bank may recognize approved translations (i.e. approved by the company) into the languages concerned as binding upon itself.
