Your MPF contributions

- If you are an employee (full-time or part-time), both you and your employer are required to make regular MPF contributions for you, based on your “relevant income” as follows:

Monthly Relevant Income	Mandatory Contribution Amount	
	Employer's Contributions	Employee's Contributions
Less than \$7,100	Relevant income x 5%	Not required
\$7,100 - \$30,000	Relevant income x 5%	Relevant income x 5%
More than \$30,000	\$1,500	\$1,500

- “Relevant income” refers to wages, salaries, leave pay, fees, commissions, bonuses, gratuities, perquisites or allowances, expressed in monetary terms, paid or payable by an employer to an employee, but excludes severance payments or long service payments under the Employment Ordinance.
- All mandatory contributions are immediately vested in you, except for the MPF derived from the employer's contributions for offsetting severance payments or long service payments.
- If you are self-employed, you are required to make MPF contributions as follows:

Relevant Income		Self-employed Person's Contributions
Annual	Monthly Average	
Less than \$85,200	Less than \$7,100	Not required
\$85,200 - \$360,000	\$7,100 - \$30,000	Relevant income x 5%
More than \$360,000	More than \$30,000	\$360,000 x 5% = \$18,000 per year
		OR \$30,000 x 5% = \$1,500 per month

- Whether you are an employee or self-employed, you may also **consider making additional contributions** (i.e. Voluntary Contributions (VC), Tax Deductible Voluntary Contributions (TVC) and Special Voluntary Contributions (SVC)) in light of your personal needs.

What are the risks of your MPF investment?

Investment involves risks. Please refer to the **AIA MPF – Prime Value Choice MPF Scheme Brochure** – Risk Section for details of the risk factors to which the funds are exposed, which is available via: bitly.ws/AjIP

A risk class is assigned to each fund with reference to a seven-point risk classification scale based on the latest fund risk indicator of the fund. A fund in a higher risk class tends to show a greater volatility of return than a low-risk class fund. Information about the latest risk class of each fund is set out in the latest fund fact sheet (FFS) of **AIA MPF – Prime Value Choice**, which is available via: bitly.ws/AjIP

How to transfer your MPF?

If you are an employee, you may opt to transfer your MPF derived from employee mandatory contributions in your contribution account under current employment (Original Scheme) to any other MPF schemes of your choice (New Scheme) once a year¹. If your transfer involves selling your interests in a guarantee fund, please check with us the terms and conditions of this fund as failure to fulfil some qualifying conditions may cause the loss of guaranteed returns. Your contribution account under current employment may consist of different parts of MPF derived from different sources and subject to different transfer rules, as follows:

Parts of MPF in a contribution account (i.e. Types of contributions that the MPF are derived from)	Transfer rule	Type of account receiving the MPF
Contributions from current employment		
Employer mandatory contributions	Not transferable	—
Employee mandatory contributions	Transferable once every calendar year ¹	Personal account
Employer voluntary contributions	Subject to the governing rules of the Original Scheme	
Employee voluntary contributions		
Contributions from former employment		
Mandatory contributions transferred to the contribution account under current employment	Transferable at any time	Personal account or other contribution accounts ²
Voluntary contributions transferred to the contribution account under current employment	Subject to the governing rules of the Original Scheme	

If you are a self-employed person or tax deductible voluntary contribution (TVC) account holder, you can transfer your MPF held in your MPF contribution account, personal account or TVC account to any other MPF schemes of your choice at any time.

¹ Unless the governing rules of the Original Scheme provide for more frequent transfer-out.

² Only applies to employees with two or more contribution accounts. If an employee is employed by more than one employer at the same time, he/she may have more than one contribution account.

How to manage your MPF when changing jobs?

- You should proactively manage the MPF accumulated during your previous employment in one of the following ways:

Method 1

Transfer the MPF to your “contribution account” opened under your new employment

Method 2

Transfer the MPF to your existing “personal account”

- If you do not have any personal accounts, and you are satisfied with the MPF scheme chosen by your former employer, you may consider retaining your MPF in a personal account under the scheme of your previous employment for investment.

- Forms for transfer of MPF can be downloaded via:

- If you have any questions relating to transfer of MPF, please contact us.

In general, it is a good practice to review your fund choices regularly and adjust your MPF fund choices as you think fit.

How to adjust your MPF fund choices?

- You may complete and submit a new investment instruction form to us. If your new investment instructions involve selling your interests in the Guaranteed Portfolio under **AIA MPF – Prime Value Choice**, please check with us the terms and conditions of this fund as failure to fulfil some qualifying conditions may cause the loss of guaranteed returns.
- You may send your new investment instructions to us by post/courier, fax, or through our company’s mobile app, website or interactive voice response system.
- In order that your instructions can be processed within the same day, you must send us the completed investment instructions before the cut-off time. For details, please refer to the **AIA MPF – Prime Value Choice MPF Scheme Brochure**: bitly.ws/AjJP

One switch out of the Guaranteed Portfolio to other funds is permitted in each scheme year.

When can you withdraw your MPF?

- Once you reach the age of 65, you can choose one of the following ways to manage your MPF:
 - Withdrawal by instalments
 - Withdrawal in one lump sum
 - Remaining in the MPF scheme for continuous investment
- By law you can withdraw your MPF early on the following six grounds:
