

Critical illness is more common nowadays, especially among younger people. It makes sense for all responsible and caring employers to provide their employees with proper protection. To set up a safety net for your employees, you need a group critical illness insurance plan to fill the gap left by typical group medical insurance.

PROMISE Macau is a group critical illness insurance plan covering 56 illnesses, including common ones such as heart disease, cancer and stroke. If an employee is unfortunately diagnosed with one of the major illnesses covered, we will pay him / her a lump sum for immediate support; in addition, we will pay you 10% of the sum assured to cover any financial loss or extra expense caused by that employee's absence. This protects both you and your employees.

## Critical illness protection gap<sup>1</sup>

## Critical illness – increasing number

In Macau, cancer has been a significant disease as being ranked one of the top 10 leading causes of death for years. According to the data from the Statistics and Census Service, cancer is again the top leading cause of death in 2017, occupying 34% of all death cases<sup>2</sup>.

Sources:  
1. AIA commissioned Honeycomb Research House to conduct an employee benefits survey in 2013. The online survey was conducted with 413 employers and 821 employees in local and multi-national businesses in Hong Kong, Singapore, Malaysia and Thailand with group insurance benefits.

## Extensive critical illness protection

The plan covers 56 illnesses: 53 of them classed as critical, including heart disease, cancer and stroke. If an insured employee is diagnosed with any one of the major illnesses covered, we will pay the insured employee a lump sum payment calculated as 100% of the sum assured. A limited advance payment is also payable for any of the minor illnesses covered<sup>3</sup>, assuming there is no previous lump sum payment for a major illness.

For more information, please read the “Benefits schedule for **PROMISE Macau**” and “Critical illness schedule” in this brochure.

## Cash benefit for the employer<sup>3</sup>

If an insured employee is unfortunately diagnosed with a covered major illness, we will pay the employer a one-off payment at 10% of the sum assured to alleviate any financial loss or extra expense from the insured employee’s absence.

## Compassionate death benefit

If an insured employee unfortunately passes away while the policy is in force, we will pay a compassionate death benefit of MOP1,000 regardless of the cause of death.

## Extended protection beyond employment

You can choose to provide Conversion Option for your insured employees. This allows those aged 65 or below to convert to a specified AIA individual critical illness insurance plan when they retire or end their employment. The features of the new plan might be different from **PROMISE Macau**. Please contact your financial planner for more information.

## Flexible choice of sum assured

You can choose from 4 different levels of sum assured according to your needs:

Plan Option
<ul style="list-style-type: none"><li>• Plan 1 – MOP100,000 sum assured</li><li>• Plan 2 – MOP200,000 sum assured</li><li>• Plan 3 – MOP300,000 sum assured</li><li>• Plan 4 – MOP500,000 sum assured</li></ul>
