Important Information

This brochure does not contain the full terms and conditions of the policy. It is not, and does not form part of, a contract of insurance and is designed to provide an overview of the key features of this product. The precise terms and conditions of this plan are specified in the policy contract. Please refer to the policy contract for the definitions of capitalised terms, and the exact and complete terms and conditions of cover. In case you want to read policy contract sample before making an application, you can obtain a copy from AIA. This brochure should be read along with the illustrative document (if any) and other relevant marketing materials, which include additional information and important considerations about this product. We would like to remind you to review the relevant product materials provided to you and seek independent professional advice if necessary.

This plan is an insurance plan without any savings element. All premiums are paid for the insurance and related costs.

This brochure is for distribution in Hong Kong / Macau only.

Key Product Risks

1. This plan is an add-on plan. You need to pay the premium for this plan until the end of cover period or when the basic plan it is attached to is terminated, whichever is earlier. If you do not pay the premium within 31 days of the premium due date, the add-on plan will be terminated and you / the insured will lose the cover.
2. You may request for the termination of your policy by notifying us in written notice. Also, we will terminate your add-on plan and you / the insured will lose the cover when one of the following happens:
 - the insured passes away;
 - upon the payments for major illness and / or minor illness in total reaching 100% of the add-on plan sum assured;
 - payments under add-on plan(s) reduce the sum assured of the basic plan to zero (for **Critical Illness Rider Pro** only);
 - you do not pay the premium within 31 days of the due date;
 - anniversary of your cover immediately following the insured's 100th birthday (for **Critical Illness Rider Pro**), or 65th birthday (for **Enhanced Critical Illness Rider Pro**); or
 - the basic plan is terminated or converted to a non-participating insurance plan.
3. We underwrite the plan and you are subject to our credit risk. If we are unable to satisfy the financial obligations of the policy, the insured may lose his cover and you may lose the remaining premium for that policy year.
4. You are subject to exchange rate risks for plans denominated in currencies other than the local currency. Exchange rates fluctuate from time to time. You may suffer a loss of your benefit values and the subsequent premium payments (if any) may be higher than your initial premium payment as a result of exchange rate fluctuations. You should consider the exchange rate risks and decide whether to take such risks.
5. Cover renewal is based on the continuing availability of the plan to all existing policies.
6. Your current planned benefit may not be sufficient to meet your future needs since the future cost of living may become higher than they are today due to inflation. Where the actual rate of inflation is higher than expected, you may receive less in real terms even if we meet all of our contractual obligations.

- historical investment returns and the future outlook of the product's backing asset;
- policy surrenders and lapses; or
