## Key Product Risks

1. You should pay premium(s) on time and according to the selected premium payment schedule. If you do not pay the premium within 31 days of the premium due date, the policy will be terminated and you / the insured will lose the cover. In this case, you may receive an amount considerably less than the total amount of premiums paid.
2. Should you surrender the policy early, you may receive an amount considerably less than the total amount of premiums paid.
3. You may request for the termination of your policy by notifying us in written notice. Also, we will terminate your policy and you / the insured will lose the cover when one of the following happens:
  - the insured passes away;
  - the policy matures once the policy reaches the end of 10th policy year; or
  - you do not pay the premium within 31 days of the premium due date.
4. We underwrite the plan and you are subject to our credit risk. If we are unable to satisfy the financial obligations of the policy, you / the insured may lose the cover and you may lose your premium paid.
5. Your current planned benefit may not be sufficient to meet your future needs since the future cost of living may become higher than they are today due to inflation. Where the actual rate of inflation is higher than expected, you may receive less in real terms even if we meet all of our contractual obligations.
