Your dedicated medical team is available in your preferred language, giving you the support you need to make it through the difficult times in life.

For more information, please refer to the Personal Medical Case Management leaflet.

## Relieve your burden and focus on recovery

When you're admitted to hospital, worrying about paying for medical care should be the last thing on your mind.

This plan alleviates your burden by settling your hospital bill on your behalf. Once the service is arranged successfully, we will settle directly with the private hospital the medical expenses incurred during hospital stay on your behalf. You can then focus fully on your recovery without having to worry about paying hospital bills and making a subsequent claim.

Any shortfall payment resulting from your hospital stay will be settled after treatment, leaving you stress-free at this critical time. After the final claim amount has been settled, any related benefit limits will be reduced accordingly.

For more information, please refer to our Credit Facility Service for Hospitalisation leaflet.
