Worldwide emergency assistance

A worldwide assistance hotline is open 24/7 for any emergency support you might need, especially when you are abroad. Help is always just one call away.

Options to suit your needs

We understand that everyone's situation is different. That's why we offer 3 annual deductible choices for each policy currency you have chosen to suit your personal medical needs:

	HKD	USD
Annual deductible choices	0	0
	16,000	2,000
	25,000	3,125

If you are looking for full medical protection or top-up cover to supplement your current medical plan, annual deductible choices allow you to specify how much you are willing to pay before you claim. Choosing a higher deductible amount could lower the premiums for your policy. For example, if you chose an annual deductible of HKD16,000 and your eligible medical expense is HKD100,000, you would receive HKD100,000 less your deductible, which would be HKD84,000.

You can also choose to reduce your annual deductible amount to a specified amount without having to provide us with current details of your health upon policy anniversary of your cover at the age of 50, 55, 60, 65, 70, 75 or 81 once. The premium will be adjusted based on your selected deductible amount, and your out-of-pocket limit for a claim will be reduced. Before making your request for this reduction of deductible, you may have to reassess if this reduction can suit your personal needs.

Important Information

This brochure does not contain the full terms and conditions of the policy. It is not, and does not form part of, a contract of insurance and is designed to provide an overview of the key features of this product. The precise terms and conditions of this plan are specified in the policy contract. Please refer to the policy contract for the definitions of capitalised terms, and the exact and complete terms and conditions of cover. In case you want to read policy contract sample before making an application, you can obtain a copy from AIA. This brochure should be read along with the illustrative document (if any) and other relevant marketing materials, which include additional information and important considerations about this product. We would like to remind you to review the relevant product materials provided to you and seek independent professional advice if necessary.

This plan is an insurance plan without any savings element. All premiums are paid for the insurance and related costs.

This brochure is for distribution in Hong Kong only.

Key Product Risks

1. This plan is a basic plan. You need to pay the premium for this plan for life as long as you renew for this plan. If you do not pay the premium within 30 days of the premium due date, the policy will be terminated and you / the insured person will lose the cover.
2. You may request for the termination of your policy by notifying us in written notice. Also, we will terminate your policy and you / the insured person will lose the cover when one of the following happens:
 - the insured person passes away;
 - you do not pay the premium within 30 days after the premium due date; or
 - the Company has ceased to have the requisite authorization under the Insurance Ordinance to write or continue to write the plan.
3. We underwrite the plan and you are subject to our credit risk. If we are unable to satisfy the financial obligations of the policy, the insured person may lose his cover and you may lose the remaining premium for that policy year.
4. You are subject to exchange rate risks for plans denominated in currencies other than the local currency. Exchange rates fluctuate from time to time. You may suffer a loss of your benefit values and the subsequent premium payments (if any) may be higher than your initial premium payment as a result of exchange rate fluctuations. You should consider the exchange rate risks and decide whether to take such risks.
5. The future medical costs will be higher than they are today due to inflation. Hence, the benefit amounts and the future premium rate of this plan may be revised to reflect the inflation.
