Important Notes

"**MPF fund**", for the purposes of this document, means **Constituent Fund** as defined in the Glossary of the MPF Scheme Brochure of AIA MPF - Prime Value Choice (the "**Scheme**").

- The **MPF Conservative Fund** and the **Capital Stable Portfolio** in the Scheme do not guarantee the repayment of capital under all circumstances.
- The **Guaranteed Portfolio** in the Scheme invests solely in an approved pooled investment fund in the form of an insurance policy issued by the AIA Company Limited (the "**Insurer**"). The guarantee is also given by the Insurer. Your investments in the **Guaranteed Portfolio**, if any, are therefore subject to the credit risks of the Insurer. Please refer to the section "3. Fund options, investment objectives and policies" and Appendix 2 to the MPF Scheme Brochure for the details of the credit risk, guarantee features and guarantee conditions.
- The **Guaranteed Portfolio** in the Scheme is a capital guaranteed fund. Your investments are therefore subject to the credit risks of the guarantor, AIA Company Limited. The guarantee only applies when Members hold their investment until the end of a Scheme Year. Please refer to the section "3. Fund options, investment objectives and policies" and Appendix 2 to the MPF Scheme Brochure for the details of the credit risk, guarantee features and guarantee conditions.
- You should consider your own risk tolerance level and financial circumstances before making any investment choices. You must ensure you choose the appropriate investment choice(s) to meet your risk tolerance. When, in your selection of funds or the MPF Default Investment Strategy (the "**DIS**"), you are in doubt as to whether a certain fund or the DIS is suitable for you (including whether it is consistent with your investment objectives), you should seek independent financial and/or professional advice and choose the investment choice(s) most suitable for you taking into account your circumstances.
- You should consider your own risk tolerance level and financial circumstances before investing in the DIS. You should note that the Core Accumulation Fund and the Age 65 Plus Fund may not be suitable for you, and there may be a risk mismatch between the Core Accumulation Fund and the Age 65 Plus Fund and your risk profile (the resulting portfolio risk may be greater than your risk preference). You should seek independent financial and/or professional advice if you are in doubt as to whether the DIS is suitable for you and make the investment decision most suitable for you taking into account your circumstances.
- You should note that the implementation of the DIS may have an impact on your MPF investments and benefits. We recommend that you consult with the Trustee if you have doubts on how you are being affected.
- If you do not make any investment choices, your contributions made and/or benefits transferred into the Scheme will be invested in the DIS as more particularly described in the section "6. Administrative procedures" of the MPF Scheme Brochure.
- Members reaching 65th birthday or early retiring on reaching age 60 may apply (subject to the completion of such document or form (in such form and on such terms) as the Trustee may, subject to the relevant MPF requirements, prescribe from time to time) for payment of the MPF Benefits or TVC Benefits (as the case may be) in instalments. Please refer to the section "6. Administrative procedures" of the MPF Scheme Brochure for further details.
- If a Member is currently investing in the Guaranteed Portfolio, a payment of benefits in instalments may affect the Member's entitlement to the guarantee and the Member may lose his/her guarantee, that is, the amounts withdrawn will not be entitled to any guarantee after withdrawal. For further details regarding the guarantee features of the Guaranteed Portfolio, please refer to Appendix 2 to the MPF Scheme Brochure. A guarantee charge will apply to Members who remain investing in the Guaranteed Portfolio.
- You should not base your investment choices on this document alone and should refer to the MPF Scheme Brochure for details (including risk factors and fees and charges) before making any investment decision.
- Investment involves risks, you may suffer significant loss of your investments and not all investment choices available under the Scheme would be suitable for everyone. Investment performance and returns may go down as well as up.

\$ Make additional voluntary contributions to enjoy special privilege and prepare for your retirement reserve

Through the MPF scheme, both you and your employer will be setting aside money each month so that you can build up your retirement. However, your current MPF mandatory contributions may not be sufficient to fully cover your retirement expenses, so it's never too early to begin making extra investments for a larger reserve. Making voluntary contributions can be one of the ways to achieve this goal!

With a monthly contribution amount from as low as HK\$300, you can join our Happy Retirement Savings Programme. Start saving today for your retirement reserve!

³ Per annum of net asset value.

⁴ Except for Guaranteed Portfolio* which participants are permitted to raise only one switch request out of this fund to other fund(s) within the same scheme year. Switches or reallocations via the Interactive Voice Response System or Interactive Website are free of charge, but subject to an access fee (which is currently waived).

* AIA Company Limited (the "Insurer") is the insurer of the insurance policy underlying the Guaranteed Portfolio.

The guarantee provided by the Insurer is subject to conditions and applies only when members hold their investment until the end of a scheme year. In the event a Participating Employer participates in a scheme provided by another service provider and therefore necessitates any withdrawal(s) from the Guaranteed Portfolio, the Individual Account of an Employee Member of the withdrawing Participating Employer may be subject to a discretionary adjustment (which may reduce the balance of his/her Individual Account). The discretionary adjustment is determined at the sole discretion of the Insurer on withdrawal but will in no event exceed 5% of the individual account balance. Scheme participants are advised to refer to the MPF Scheme Brochure for more information regarding this and other funds.

The Insurer will declare an interim rate (which will not be less than 0% per annum) each month. Interest on individual accounts will be accrued and credited daily based on the interim rate. At the end of each financial year (ending on 30 November), the Insurer will declare an annual interest rate (the "Annual Rate"). The Annual Rate and any interim rate declared are determined at the sole discretion of the Insurer. The Insurer guarantees that the Annual Rate declared, however, will not be less than 0% per annum.
